Courses integrate strategic preparation, behavior interpretation, and structured question formulation which allow an interviewer to successfully adapt to any type of investigation and effectively obtain the truth.

NON-CONFRONTATIONAL INTERVIEWING

The WZ Non-Confrontational Method of interviewing is a rapport based approach that allows people to save face while they tell the truth. This approach translates extremely well across cultures and can easily adapt to numerous areas within an organization. WZ training courses are conducted around the globe by Certified Forensic Interviewers (CFI) who are based out of the United States, Europe and Latin America.
