My name is Brady Thomas and I have worked at this company for 6 years. I live at 12 Oak Street in Boston, MA.

Today I told the investigator, Jennifer, that I ~~took~~^{stole} 18 items without paying for them from the company. Some of these items were damaged and going to be garbage anyway. The total amount of these items was \$600. I wanted these items for myself.

I think there are other people involved and I told Jennifer about 3 other people because I'm trying to be honest. I hope that HR knows that I cooperated.

I also took cash from the company. I've been taking money for 2 years. I would steal about \$50-\$100 each week. I used this money for random stuff and am willing to pay it back.
