

CERTIFIED FORENSIC INTERVIEWER **ELITE. COMPREHENSIVE. EVOLVED.**

A COMMITMENT TO EXCELLENCE

Once a Certified Forensic Interviewer (CFI), always a CFI. By design, CFIs are part of an elite group of professionals who continuously strive for improvement, pushing the boundaries of excellence in investigative interviewing.

The International Association of Interviewers (IAI) recently announced the evolution of its Certified Forensic Interviewer (CFI) program. For over 20 years, IAI's CFI designation has led to advancements in investigative interviewing. So, why change now?

Driven by science-based research, the IAI is responding to shifts in professional expectations across private and public sectors. With a growing global demand for standardized interviewing practices, the CFI designation has been updated to address today's complex international landscape.
